

📸 **April 17th-April 20th: Recital Picture Week** (this is an exciting FIRST for us!) 📸

The incredible Allison McConnell of Stand Out Photography right next door will be capturing photos of our beautiful dancers in their recital costumes!

RECITAL PICTURES ARE PRE-ORDER ONLY! Allison will take a **group** picture of all the dancers, **but will only take individual pictures of the dancers who ordered them.**

Please be sure to place your dancer's order before their class time the week of April 17th.

**Each dancer needs an order placed for each dance from which you'd like portraits.**

Please follow the link on the Google sheet associated with the dance you are ordering.

Print samples will be available at The Dance Movement if you are interested in viewing them.

TDM has all of the dancers recital costumes prepped and prepared in storage to release during Recital Picture Week. If you have NOT had your fit check for your costume, this will be happening this week. **So all you have to do is show up at your scheduled class time on your regularly scheduled day with your dancer in "hair & makeup" and the costume will be waiting for you!** After your dancer has their photo taken the costumes will then be released home.

We will have the studios utilized as dressing rooms.

**Dancers ages 9&UNDER** are allowed ONE person to help change their dancers.

No siblings will be allowed in the "dressing rooms" nor can they be left unattended in the lobby, so please plan accordingly. If you are unable to help your dancer change, we will do it for you.

**Dancers ages 10&UP** will change themselves with assistance from their teacher if needed.

Think of it as the prep for the dress rehearsal and recital - it's a great time to practice getting ready, ask questions, and make adjustments as necessary. In the handbook you have your hair, makeup, and shoe requirements for the show. When it comes to makeup for our younger dancers-do not panic! We include a pretty detailed makeup page for those who are interested, however, the three most important things needed makeup-wise are BLUSH, MASCARA, and RED LIPSTICK. The red lipstick we recommend is one that won't bleed or smear off onto costumes.

This information can all be found in an email or on the website, along with the Google Sheet attachment with all the links.
